GAMING EVENT

Game:

VALORANT

Team Size: 5

Description of the event:

Join us for an adrenaline-pumping gaming event centered around the popular tactical shooter, Valorant! Compete against fellow gamers in intense matches filled with strategic gameplay and nail-biting action. Whether you're a seasoned pro or a newcomer looking to showcase your skills, this event promises excitement and camaraderie for all participants.

Entry Fees:

Entry into the tournament requires a nominal fee of 200 per team.

Prize Pool:

Prepare to battle it out for a generous prize pool worth Rupees 6,000. The prize distribution will reward the top 3 performing teams, so bring your A-game and aim for victory! price distribution.

1st place: Rs 3,000

2nd place: Rs 2,000

3rd place: Rs 1,000

Mode of Conduction and Procedure (Rounds):

The tournament will be conducted in a Swiss Stage Swift-play format, featuring multiple rounds of gameplay. Teams will compete in head-to-head matches, with winners advancing to the next stage until the ultimate champions emerge victorious.

GAMING EVENT

Matches will be played on designated servers, and specific rules and regulations will govern each round to ensure fair play and sportsmanship. (2 wins to qualify for the top 8 teams which will be playing on campus)

On 9th May there will be an online meeting to clarify and explain the flow of the event to the participants there will be a Q&A session in the end. (also feel free to ask your queries in the discord group.)

Round 1 & 2: conducted in discord. (10th & 11th May Online mode)

Round 3: (On campus)

Final: 4+2+1+1 (8 games) 4 (quarterfinals/eliminator)

2 (semi-finals) 1 (3rd place match) 1 (Finals)

Judging Criteria:

Participants will be evaluated based on wins (2 wins to advance to the top 8 teams. Then every match from then on is an eliminator and a third-place match will be played before the grand finals on campus.)

Mandatory:

Bring your own audio devices.

Recommended:

Bring Mouse and Keyboard. Personal Laptops are allowed.

Grounds for Disqualification:

While we encourage friendly competition, any behavior deemed unsportsmanlike or in violation of the tournament rules will result in immediate disqualification. This includes but is not limited to cheating, exploiting glitches, use of unauthorized software, harassment, or any other actions that compromise the integrity of the event. Participants are expected to uphold the spirit of fair play and respect their fellow competitors at all times.

GAMING EVENT

Disclaimer:

Participants acknowledge that engaging in competitive gaming carries inherent risks and understand that the organizers of this event cannot be held liable for any damages, or losses incurred during the tournament. (No raging and swearing during the matches)

By registering for the event, participants agree to abide by all rules and regulations set forth by the organizers and consent to their likeness and gameplay being used for promotional purposes. On the day of the event please do carry your own laptops and computer equipments (like mouse, keyboard and headphones etc...) for the participants.

PRIZE POOL

Rs 6,000

TECH TINDER

Description of the event:

Get ready for a unique networking experience at our Tech-Tinder Event! Participants will have the chance to meet fellow tech enthusiasts and potential collaborators as they're matched on the spot to form teams based on their preferences or profiles. Once teamed up, it's time to put your skills to the test by collaborating on the creation of a website from scratch. Whether you're a seasoned developer or a design aficionado, this event offers the perfect opportunity to connect, learn, and create something amazing together.

Entry Fees:

Entry into the Tech-Tinder Event requires a fee of Rs 99 per person.

Prize Pool:

Compete for a chance to win from our impressive prize pool worth Rs 10,000. Prizes will be awarded to the top-performing teams (Top 3), so bring your A-game and showcase your collaborative prowess!

TECH TINDER

Mode of Conduction and Procedure (Rounds):

The event will kick off with an ice-breaking session where participants will introduce themselves and express their interests or skills in the app people can take a look at their profiles and go talk to them and find the right match. Based on this information, participants will be matched to form teams. Once teams are formed, they will embark on the challenge of building a website together. The event will be divided into rounds, allowing teams time to brainstorm, design, develop, and present their websites. Each round will be timed and structured to encourage creativity, collaboration, and problem-solving.

Judging Criteria:

Teams will be evaluated based on various criteria, including creativity of the website design, functionality, user experience, technical execution, teamwork, and presentation quality. Judges will assess how well teams worked together to overcome challenges and deliver a polished final product within the given time frame.

TECH TINDER

Grounds for Disqualification:

While collaboration is encouraged, any behavior deemed disruptive, disrespectful, or in violation of event rules will result in immediate disqualification. This includes but is not limited to cheating, plagiarism, harassment, or any actions that undermine the integrity of the event. Participants are expected to maintain a positive and respectful attitude towards their teammates and fellow participants throughout the duration of the event.

Disclaimer:

Participants acknowledge that participation in the Tech-Tinder Event involves the inherent risks associated with collaborative projects and networking activities. By registering for the event, participants agree to adhere to all event rules and guidelines and consent to their likeness and contributions being used for promotional purposes. The organizers reserve the right to modify event details, rules, or schedules as necessary and to make final decisions on any matters related to the event.

CODE RELAY

Prepare for an adrenaline-fueled coding adventure in the Code Relay!

Entry fee - Rs 199/-
Team size - 4

Description of the event:

Step into the exciting realm of the Code Relay!

Step 1: Team of four and tackle the Quiz Quest, where your coding knowledge will be put to the test in lightning-fast quizzes!

Step 2: Enter the Final Faceoff! The top 8 teams advance to the grand finale, where you'll work with real-world code. Race against time to complete a top-secret task and emerge victorious!

Entry Fees:

Participation in the Code Relay requires a registration fee of Rs 199 per team.

CODE RELAY

Prize Pool:

Speed, precision, and teamwork will lead the way to victory! The faster you conquer the challenges, the closer you get to claiming your prize!

- ❶ Winner: Rs 3,000 worth prize
- ❷ Runner-up: Rs 2,000 worth prize

Mode of Conduction and Procedure (Rounds):

- Embark on your journey with an exhilarating orientation session, where teams receive a comprehensive briefing on the challenge and its rules.
- Each round, with designated time limits.

Will you conquer the code before time runs out?

Join us and find out!

Judging Criteria:

Teams will be evaluated on a multitude of criteria, including project functionality, coding excellence, teamwork dynamics, and efficient time utilization.

Are you ready to showcase your skills and shine under scrutiny?

CODE RELAY

Grounds for Disqualification:

In our event, fair play is crucial. Cheating, copying, or causing trouble will lead to disqualification. Let's stick to teamwork and fair play!

Disclaimer:

Join the Code Relay for an epic coding adventure!

- No need to bring your own laptop as desktops will be provided with required resources.
- Arrive 30 minutes early to dive right in! By signing up, you agree to follow all rules.

We can't wait to see you in action!

PICTURE PROBE

Team Size: 2

Description of the event:

Prepare to put your tech knowledge to the test in the Picture Probe event! This thrilling competition will challenge participants to swiftly identify images related to the vast and ever-evolving domain of technology. With rapid-fire rounds and a variety of images to decipher, this event promises excitement and fun for all tech enthusiasts.

Entry Fees:

Participation in the Code Relay requires a registration fee of Rs 99 per team.

Prize Pool:

Compete for a chance to win from our enticing prize pool gift cards worth 1.5K and food coupons. Prizes will be awarded to participants based on their performance and accuracy in identifying the images during the event.

Mode of Conduction and Procedure (Rounds):

The event will consist of multiple rapid-fire rounds, each featuring a series of images related to the tech domain. Participants will be required to quickly identify the subject or concept depicted in each image. Rounds will be timed, and participants must provide their answers promptly. The event will progress through several rounds, each increasing in difficulty, to challenge participants' knowledge and observation skills.

PICTURE PROBE

Judging Criteria:

Participants will be evaluated based on their accuracy in identifying the images presented during each round. Correct answers will earn points, and participants with the highest scores at the end of the event will be eligible for prizes. In the event of a tie, additional tiebreaker rounds may be conducted to determine the winners.

Grounds for Disqualification:

Disqualification may occur if participants engage in any form of cheating, including sharing answers, using external aids, or engaging in disruptive behavior that undermines the integrity of the competition. Additionally, participants who violate event rules or display unsportsmanlike conduct may be disqualified at the discretion of the event organizers.

Disclaimer:

Participants acknowledge that participation in the Picture Probe event involves inherent risks associated with competitive activities. The organizers of the event cannot be held liable for any injuries, damages, or losses incurred during the event. By registering for the event, participants agree to adhere to all event rules and guidelines and consent to their likeness being used for promotional purposes. The organizers reserve the right to modify event details, rules, or schedules as necessary and to make final decisions on any matters related to the event.

HACKMYPC

Team Size: SOLO (INDIVIDUAL)

Description of the event:

Prepare to put your hacking skills to the test in the ultimate cyber challenge - HackMyPC! Participants will face a series of thrilling challenges and tasks designed to test their prowess in penetration testing, network security, cryptography, and more. From cracking codes to exploiting vulnerabilities, participants will navigate through multiple rounds of escalating difficulty as they vie for the title of top hacker.

Entry Fees:

Entry into the HackMyPC event requires a registration fee of Rs 100/-

Prize Pool:

Compete for a chance to win from our impressive prize pool of Rs 1.5k worth of gift cards and vouchers. Prizes will be awarded to participants based on their performance, skill, and success in completing the challenges throughout the event.

Mode of Conduction and Procedure (Rounds):

The event will kick off with an orientation session where participants will be briefed on the rules, objectives, and technical specifications. Each round will present participants with a new set of challenges and tasks, ranging from cracking passwords to infiltrating simulated networks.

HACKMYPC

Participants must employ their hacking skills and problem-solving abilities to progress through each round successfully. The event may include both individual and team-based challenges, with participants advancing to the next round based on their performance and success in completing the tasks.

Judging Criteria:

Participants will be evaluated based on their ability to effectively identify and exploit vulnerabilities, solve complex challenges, demonstrate technical proficiency, and adhere to ethical hacking principles. Judges will assess participants' strategies, techniques, and overall performance in each round to determine their suitability for advancement and potential prizes.

Grounds for Disqualification:

Disqualification may occur if participants engage in any form of unauthorized hacking, unethical behavior, or violation of event rules. This includes but is not limited to attempting to compromise real systems or networks, exploiting vulnerabilities outside the scope of the event, or engaging in malicious activities that could cause harm or damage. Participants are expected to conduct themselves in a responsible and ethical manner throughout the event.

HACKMYPC

Disclaimer:

Participants acknowledge that participation in the HackMyPC event involves inherent risks associated with cybersecurity challenges and technical activities.

By registering for the event, participants agree to adhere to all event rules and guidelines and consent to their likeness being used for promotional purposes. The organizers reserve the right to modify event details, rules, or schedule as necessary and to make final decisions on any matters related to the event.

IN THE PC BUILDING CHALLENGE!!!**

Think you've got what it takes to conquer the tech world? Prove it! Dive into the action-packed event where your technical prowess and teamwork will be put to the ultimate test.

Team size:

2 or 3

Entry fee:

Rs 199/team

Prize pool

Winner: Rs 3k worth

Runner-up: Rs 2k worth

2nd Runner-up: Rs 1k
worth

- **Step 1: Quiz Quest** - Flex your PC hardware knowledge in a lightning-fast quiz round!
- **Step 2: Simulator Showdown** - Experience the thrill of assembly in a virtual world, building your dream PC at warp speed!
- **Step 3: Final Faceoff** - The top 8 teams advance to the grand finale, where real-world PCs await! Race against the clock to assemble and operate a live PC, mastering the challenge to accomplish a top-secret task!

Get ready to push the limits, ignite your passion, and emerge victorious in the PC Building Challenge! Sign up now for an adrenaline-fueled journey into the heart of tech excellence!

Entry Fees:

To participate in the PC Building Challenge, teams must pay a registration fee of Rs 199 per team.

PC BUILDING

Prize Pool:

Embark on the thrilling PC Building Challenge, where your skills in speed, precision, and teamwork can lead you to the ultimate prize: Amazon vouchers or a cash reward of Rs 6000! The faster you navigate through the challenges, the closer you are to claiming your treasure. This is your chance to showcase your talents, compete with the best, and win big!

- ① Winner: Rs 3,000 worth prize ①
- ② Runner-up: Rs 2,000 worth prize ②

If there exists 2nd Runner-up: Rs 1,000 worth prize

Mode of Conduction and Procedure (Rounds):

There will be the following rounds in the competition:

Rounds:

Round 1: Computer Structure Quiz (If there are more number of participants)

Round 2: PC Simulation Game (At the venue)

Round 3: Offline PC Building (8 teams for final)

Procedure & Rules:

- Teams commence with a Discord-based quiz, moderated by coordinators, serving as an initial selection phase.
- Successful teams progress to a venue-hosted PC simulation challenge, where they compete in virtual PC assembly tasks.
- The top 8 teams from the simulation round advance to the final stage, engaging in real-world PC building tasks.
- Winners are announced following deliberation by judges, based on demonstrated teamwork and technical prowess.

PC BUILDING

Judging Criteria:

Teams will be evaluated based on several key criteria, including the accuracy and efficiency of PC assembly, strict adherence to proper handling and installation procedures, successful task completion, teamwork, and overall performance. Judges will scrutinize each team's collaborative skills, problem-solving abilities, and expertise in PC building and configuration.

Grounds for Disqualification:

Teams risk disqualification if they engage in any form of **cheating, sabotage, or violation of event rules**. This encompasses actions such as:

- tampering with other teams' equipment
- seeking an unfair advantage
- displaying disruptive behavior.

Participants must maintain the values of fair play, sportsmanship, and respect for their fellow competitors at all times during the event.

Disclaimer:

Participants understand the risks of technical activities and equipment handling in the PC Building Challenge. By registering, they agree to follow all event rules, consent to promotional use of their likeness, and acknowledge organizers' right to modify event details or make final decisions.

UI/UX

Description of the event:

- Dive into the realm of user interface and user experience design in our UI/UX Design Challenge!
- Participants will have the opportunity to showcase their creativity and design skills by crafting a visually appealing and user-friendly app or website prototype based on a provided problem statement.
- Using the Figma design tool, participants will bring their concepts to life, focusing on creating intuitive navigation, engaging layouts, and seamless user interactions.

Entry Fees:

Participation in the UI/UX Design Challenge requires a registration fee of Rs 149 per team.

Prize Pool:

Compete for a chance to win from our exciting prize pool of Gift Cards Worth 1.5k and vouchers. Prizes will be awarded to participants based on the quality, innovation, and effectiveness of their UI/UX designs.

Winner: gift cards worth 1000/-

Runner: gift cards worth 500/-

**Team Size:
2-3 members**

**Entry Fee:
Rs.149/ team**

UI/UX

Mode of Conduction and Procedure (Rounds):

- The event will begin with an orientation session where participants will receive the problem statement and guidelines for the design challenge.
- Participants will then have a designated period to work on their designs using the Figma platform.
- Focusing on different aspects of UI/UX design or iterations of the same problem statement.
- Participants will submit their designs within the specified timeframe, and judging will occur based on predetermined criteria.

Judging Criteria:

- Designs will be evaluated based on several criteria, including visual appeal, usability, accessibility, consistency, clarity of navigation, innovation, and adherence to the problem statement.
- Judges will assess how well participants address user needs, incorporate design principles, and create a seamless and engaging user experience.
- They may also consider how well the design addresses the specific problem statement.

UI/UX

Grounds for Disqualification:

- Disqualification may occur if participants engage in any form of plagiarism, submit designs that violate copyright or intellectual property rights, or exhibit unethical behavior.
- Additionally, any attempt to gain an unfair advantage or manipulate the judging process will result in immediate disqualification.
- Participants are expected to uphold the principles of integrity, professionalism, and respect for their fellow competitors.

Disclaimer:

- Participants acknowledge that participation in the UI/UX Design Challenge involves inherent risks associated with creative design activities and competition.
- By registering for the event, participants agree to abide by all event rules and guidelines and consent to their designs being used for promotional purposes.
- The organizers reserve the right to modify event details, rules, or schedule as necessary and to make final decisions on any matters related to the event.

DEPLOY IT

Team size:

2 or 4

Entry Fees:

149/team

Get ready to roll up your sleeves and put your development skills to the test in Deploy It!!!

Description of the event:

- This fast-paced event challenges teams to tackle simple problem statements by creating both front-end and back-end on the website which is capable of performing specified tasks. But that's not all—teams must also deploy their solutions to the cloud to qualify.
- It's a race against the clock as the fastest three teams to complete the given task will claim victory!

Mode of Conduction and Procedure (Rounds):

- The event will kick off with an introduction and distribution of the problem statements.
- Teams will then have a designated time to develop their solutions, including both front-end and back-end components.
- Once the solutions are completed, teams must deploy their websites to the cloud.
- The event is time-based, and the first three teams to successfully deploy their solutions will be declared winners.

DEPLOY IT

Prize Pool:

Compete for a chance to win from our enticing prize pool worth Rs 4000. Prizes will be awarded to the top two teams based on their speed and accuracy in completing the given task.

- **Winner:** Rs 2,500
- **Runner -up:** Rs 1,500

Judging Criteria:

- Teams will be evaluated based on their speed in completing the given task, the functionality of their solutions, the accuracy of their deployments, and the overall quality of their websites.
- Judges will assess how well teams adhere to the problem statement, the efficiency of their coding practices, and the effectiveness of their deployments.

Grounds for Disqualification:

- Disqualification may occur if teams engage in any form of cheating, including but not limited to plagiarism, unauthorized assistance, or unethical behavior.
- Additionally, any attempt to manipulate the judging process or compromise the integrity of the competition will result in immediate disqualification.
- Participants are expected to demonstrate integrity, professionalism, and respect for their fellow competitors.

WORKSHOPS

MULTIPLE WORKSHOPS ARE GOING TO BE CONDUCTED DURING THE EVENT.

Description:

Gear up for a knowledge-packed day at the workshops hosted by Cellstrat and various sponsoring companies during our tech fest! Whether you're a seasoned professional or just starting your journey in the tech world, these workshops offer valuable insights, tips, and hands-on learning experiences. Attendees will have the opportunity to learn from industry experts, explore cutting-edge technologies, and expand their skill sets. Registration is required to secure your spot, but spot registrations will also be available on the day of the event. Attendance will be recorded after each workshop to ensure maximum benefit for all participants by providing them with certificates. Some of the workshops will help in providing an understanding of the concepts that are there in the domains of the following hackathon coming up after the Techfest (i.e Aventus 2.0).

Disclaimer:

Participants acknowledge that attendance at the workshops involves participation in educational and informative sessions hosted by Cellstrat and sponsoring companies. While every effort is made to provide accurate and useful information, the views and opinions expressed by workshop hosts and speakers are their own and do not necessarily reflect those of the organizers. Attendees are responsible for verifying any information provided and should exercise their own judgment and discretion when applying concepts or techniques learned during the workshops. By attending the workshops, the organizers reserve the right to make changes to the workshop schedule, content, or speakers as necessary and to enforce event policies and guidelines for the benefit of all attendees.

TECH TALKS

TECH TALKS CONDUCTED ON VARIOUS TOPICS THAT ARE EMERGING IN THE INDUSTRIES TODAY.

Description:

Get ready to immerse yourself in the latest trends and innovations in the world of technology at our Tech Talk event! Hosted by multiple companies sponsoring our tech fest, this event offers attendees the opportunity to engage with industry experts, thought leaders, and innovators as they share insights, experiences, and visions for the future. Whether you're interested in artificial intelligence, blockchain, cybersecurity, or any other tech domain, Tech Talk promises enlightening discussions and valuable takeaways. Registration is required to secure your spot, but spot registrations will also be available on the day of the event. Attendees will have the chance to expand their knowledge, network with peers, and gain inspiration to fuel their tech journey.

Disclaimer:

Participants acknowledge that attending the Tech Talk event involves participation in educational and informative sessions hosted by sponsoring companies. While every effort is made to provide accurate and insightful content, the organizers of the event cannot guarantee the completeness, accuracy, or suitability of the information presented. The views and opinions expressed by speakers are their own and do not necessarily reflect those of the organizers. Attendees are responsible for verifying any information provided and should exercise their own judgment and discretion when applying concepts or techniques learned during the event. By attending the Tech Talk, The organizers reserve the right to make changes to the event schedule, content, or speakers as necessary and to enforce event policies and guidelines for the benefit of all attendees.
